My name is Sritam Mahapatro, a motivated fresher eager to start my career with your esteemed organization. I am enthusiastic about utilizing my skills to contribute to the organization's growth while continuously learning and developing my capabilities. I kindly request the opportunity to join your team, where I can further develop my skills and contribute to your organization's success.

Educational Qualifications

Degree and Year	Institute	Board	Marks/CGPA
B.Tech(CSE)	Gandhi Institute of Engineering and Technology University , Gunupur		8.63
+2 Science in 2020	St.Paul's School , Rourkela	ISC	64.3
10 th in 2018	St.Paul's School , Rourkela	ICSE	70.5

Training / Certification

- **MEAN Training and Certification** as a value added course at GIET university.
- **Web Development with PHP** as a value added course at GIET university.
- **Microsoft azure Certification** conducted by Student of GIET University about ' Introduction of Android ' .
- **C Training** as a value added course at GIET university.
- **Introduction to python and Data Science Workshop** conducted by Bit-grit .
- **30 Days of Google Cloud Program** conducted by Goggle Developer Students Clubs, GIETU, Gunupur.
- **Data Analytics with Power BI** as a internship for 4th semester from Lagozon Edutech .
- **Web Development Internship** from InternPe .

Achievements and Extracurricular activities

4 Stars in C , python , java in hacker rank.

Technical Skills

C , python , java ,Data Structure,HTML , CSS , JavaScript , bootstrap, MongoDB ,Git , DBMS.

Internship Programs: Web Development using HTML , CSS and JavaScript

Internship Project Details

Name of the Project	Calculator , Pig Game , Guess my Number
Device used	Windows Os
Description	During my internship from March 20 to April 4, 2023, I dedicated myself to learning and created a web application using HTML, CSS, and JavaScript technologies. By utilizing these tools, I was able to demonstrate my passion for web development.

Project Details

Name of the Project	Deepfake
Language used	Python
Device used	Windows Os
Description	In this project Python , OpenCV and dlib libraries in Python are utilized for image processing and facial landmark detection. Additionally, Streamlit, a Python framework, is employed for developing the user interface .The system integrates machine learning models, particularly pretrained neural networks, for deepfake detection. Overall, this multilayered approach leverages the strengths of various languages and frameworks to create a comprehensive system for both deepfake creation and detection, ensuring a seamless and intuitive user experience.

Personal Details

Date of Birth	21-04-2002
Gender	Male
Father's Name	Prasanta Kumar Mahapatro
Address	G-265,Sector 19,Rourkela,Odisha.
Alternate phone number	9437721452
Language Known	English,Hindi, Odia
Interests & Hobbies	Games , Self- Training(Karate)

Place: Gunupur

Date: 15/08/2024
